

January 2, 2017

TO: All White Bluff Property Owners
FROM: Your Board of Directors
Leonard Critcher, President
RE: BOD Meeting 01/06/2017

By now you should have received the final agenda for Friday's meeting of your BOD. I wanted to note that the Open Session, in which Property Owners are permitted to address the Board on Agenda Action/Discussion Items has been moved from its normal position on the Agenda. The Board will conduct its normal business as detailed, and the Open Session will be the final item. Your Board is doing this so that Property Owners will have adequate time to voice their opinions, questions, concerns and recommendations to the Board about not only Agenda Items but also Double Diamond's proposal for turning White Bluff into a country club.

The same four minute time limitation will still be in effect; however, the aggregate twenty minute time limit for the Open Session will be waived.
