

White Bluff Resident's Contact Directory

We are beginning to gather information now for a **printed** White Bluff Directory. There is some information I needed to relate to you about how we can get this accomplished.

First, this must be for residents only — **those who have houses here.**

Second, we cannot use any of the addresses, information that was previously published. For one thing, it is extremely out of date and secondly, it is not readable.

Third, we **MUST** have your signature that we have permission -and that you want -to have your name and information published. This cannot be done via email. Sorry. but we need a hard copy of this information.

The following information is requested. Please complete what you want in the directory. For this directory, couples will have men's names first (even if you have different last names — we will accommodate for that). We will be flexible on information.

PLEASE PRINT LEGIBLY!

we, do hereby agree and wish to be included into a printed directory of White Bluff Residents. The information I include below can be used.
