TO: White Bluff Property Owners

FROM: Your Board of Directors

RE: Double Diamond Production of POA Financial Records

Counsel for the WBPOA informed the Board that Double Diamond has delivered approximately 76 boxes of records to the law offices of Double Diamond's current attorneys, The Silvera Law Firm. Supposedly these records have been in the possession of Iron Mountain Storage.

Your Board's President instructed POA counsel to get the cost of scanning all of the produced documents, after which the Board will approve the expense if advisable.

Double Diamond also supposedly produced other requested Discovery material.

We will keep our property owners apprised as events unfold.
