TO: All White Bluff Property Owners  
FROM: Your Board of Directors  
RE: FirstService Residential

Your Board is pleased to notify you that as of today FSR is now officially the designated and contracted management company for the White Bluff POA.

The POA Board and FSR's transition team have communicated to Double Diamond a detailed rendering of the information and documentation needed. Double Diamond has been in possession of what is needed for well over a month. We sincerely trust that Double Diamond will cooperate fully as we move these functions over to our control.

It is our wish that there is a minimum of disruption with normal operations of the resort. FSR is well experienced in effecting the changes that need to be made and with the full cooperation of Double Diamond can absolutely minimize any potential negatives as they pertain to operations and/or WB personnel.

We look forward to working effectively with FSR for your benefit as well as that of our association of property owners.
