

February 3, 2017

TO: White Bluff Property Owners  
FROM: Your Board of Directors  
Leonard Critcher, President  
RE: And the Beat Goes On

Many property owners, mainly if not exclusively lot owners, received a follow-up email from Double Diamond with the following verbiage on the Header:

*We are showing that you have not yet voted for the below proxy. We need to register your vote, whether it is a "yes" or a "no".  
Please simply respond to this email with your vote. This will serve as your proxy vote. Below the Header is a copy of what DD had sent out initially.*

Your POA knows many of our property owners are confused. **Here are the FACTS:**

**By clicking "yes" or "no" you are not VOTING on anything.**

**NOTHING has been formally proposed according to our governing documents; therefore, there is NOTHING on which to VOTE.**

**This is an independent action from Double Diamond that has circumvented normal processes and procedures under which we operate.**

**Double Diamond/Mike Ward are making a concerted effort from numerous fronts to secure as many proxies as they can to attempt to oust your non-compensated POA Board of Directors and take back total, absolute control of your resort.**

**If you click "yes" you have automatically given your proxy to DD/Mike Ward.**

**If you click "no" you MAY have automatically given your proxy to DD/Mike Ward.**

***The simple question is, Do you want someone representing you who plays by The Rules or someone who plays by Their Own Rules?***

**The POA needs your support! You can revoke your proxy to Double Diamond/Mike Ward by filing a valid, currently dated Proxy through the White Bluff Property Owners Association website below. Just click on the "[Official Proxy Form](#)" link. Download the form, then return it following the instructions at the bottom of the form.**

**For more information about this and other issues go to our website, [www.whitebluffpoa.com](http://www.whitebluffpoa.com).**
