TO: White Bluff Property Owners
FROM: Your Board of Directors
RE: Pickle Ball at White Bluff & Lone Star Room

It's official! The Trailwood Tennis Courts are now fully striped with four Pickle Ball courts and ready for play. The POA is happy to provide this much-requested facility for the enjoyment of our property owners.

A remodeling contract has been signed for renovations at The Lone Star Room, owned by the POA. The facility will be completely refurbished with new floors, windows, A/C and heating units, re-texturing and a whole new look inside and out. The pergolas at The Cascade Pool will also get a fresh look in time for warm weather. Work should begin within a week.

Once this project has been completed, the Board will move on to refurbishing its other properties so all property owners can fully enjoy what is theirs.
