John Upchurch, Marshall Snyder, Scott Shelton, John Bass

First of all, a most gracious "Thank You" is in order for your generous donations to this cause. Within the first 24 hours of our last letter we had received over \$2500 through Paypal alone.

Our goal was to be able to achieve the next level where we might be eligible to receive the next set of matching funds to pay a very large three month combined bill from our Rate Expert. We needed a total of \$8400 to achieve that. I am very proud to report that we are only \$1050 short of meeting that goal in just the first week.

I am very confident that there are at least ten people left in White Bluff that could donate just \$100 each to help us achieve this goal. I am sure you are weary of all this just as we on this committee are.

But let's not forget the objective, we must go far enough in this process to allow the PUC to issue a Rate Base for our Water System. This prevents DDU from attempting to raise rates on the same infrastructure that is in place now. They will only be able to raise rates if expenses increase or additional money is spent on infrastructure. Accomplishing this will save us hundreds of thousands of dollars of rate case expenses in the future.

So, for you last ten people here are the instructions on how to donate. You may drop off a check at the POA office made out to the WBRP. You may mail a check to WBRP, PO Box 37, Whitney, Texas 76692 or you can go to the WBPOA website by clicking on this link <http://www.whitebluffpoa.com/white-bluff-rate-payers.html>, go to the bottom of the page and then click on donate to use Paypal or to pay with a Credit Card.

Thank you once again for your careful consideration in this matter.
