TO: White Bluff Property Owners  
FROM: Bill Finney, General Manager  
RE: Coronavirus Precautions

As we continue to monitor the impact of the novel coronavirus (COVID-19), **the health and well-being of our property owners, guests and employees remains our top priority.** I want to share with you the steps we are taking to ensure we maintain the highest standards of a healthy environment.

We are actively following the guidelines established by the Centers for Disease Control (CDC) and local agencies. Our common areas including Mulligan's, New Course Pro Shop, restrooms, foyer area and Administration reception area are being sanitized three times a day by our cleaning staff. All rented lodging facilities are likewise being sanitized.

Supervisory staff is meeting with our valued employees and educating them on the proper precautions they should be taking including frequent hand washing and staying home if they feel ill.

If you have any questions about these precautions please contact the POA office.
