

March 20, 2020

TO: White Bluff Property Owners
FROM: Bill Finney, General Manager
RE: Additional Coronavirus Precautions

Administration Building

Effective immediately access to the Administration Building will not be permitted except for essential employees. The doors will be locked; however, property owners can place communication items, payments, etc. through the mail slot by the front door. POA administration staff will be present to execute their normal responsibilities and will be answering phones.

We will continue to accept property owner packages from the post office. If you receive a notice that a package has been delivered to Admin we ask that you call the office (254-694-WBPO) and inform our staff that you will be coming by to pick it up. When you arrive, our staff will place the package outside the door. Please respect social distancing.

Pro Shop

The New Course is closed today and is expected to re-open in the morning. Effective immediately the pro shop will be locked and admission prohibited. A staff person will be on duty and will accept payment through the back patio window.

Mulligan's

Implementation of the Carry Out Menu yesterday was well received, and the new process of picking up and paying for Carry Out meals through the Kiosk window went very smoothly. Carry Out meals will be available today and tomorrow between the hours of 3:00 and 7:00.

We are experiencing unparalleled times that call for prudent measures to protect ourselves and others. These minor inconveniences are important as we continue to address a fluid situation.
