

March 24, 2020

TO: White Bluff Property Owners  
FROM: Mike Hicks, Director of Golf  
RE: Golf Courses

Effectively immediately The Old Course will be closed until further notice, and The New Course will be closed on Mondays for required maintenance.

We have previously communicated the safety procedures implemented at the golf course. One additional safety precaution is limiting all golf carts to a single rider. This will help greatly as our golfers can practice proper Social Distancing. However, if there is a large number of golfers at any particular time this may create a shortage in the number of carts available. We ask that you understand, and we apologize for this necessary inconvenience.

The pro shop will continue to be closed, and payments and purchases can be made through the rear patio window.

We ask all golfers to adhere to safe practices and not to congregate before, during or after a round.
