TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: Golf Course(s) Closure

In response to a press release from Hill County Judge Lewis late yesterday, it was decided to comply with the order in that communication to close golf courses until which time we could get further clarification.

The President of the POA spoke with authorities this morning and after discussing the order with the appropriate officials, it was determined that we can re-open the course.

We apologize for this temporary inconvenience, but your Board has a distinct responsibility to obey the law. Efforts are being made to hopefully have the New Course open at noon today.

As a reminder to our golfers, please ride one to a cart, maintain the Social Distancing recommendations of 6 feet, avoid any physical contact of any kind and stay away from the course if you are experiencing any type of illness.
