TO: White Bluff Home Owners
FROM: Your Board of Directors
RE: Mail Package Delivery

The US post office has notified those using the Mail Centers that the delivery of packages that do not fit into the larger boxes will not be delivered to homes located more than a half a mile from the center. Our home owners would be required to drive into Whitney and claim their packages at the post office.

As a convenience we have asked the post office to take packages to the Administration Building. They will be placed in one of the offices, and you can stop by Admin and pick them up during normal business hours, Monday through Friday.
