RE: Post Your Lot for Sale on the WBPOA Website Now

The WBPOA is now providing lot owners the ability to post their lots for sale on the POA website. This service is offered free of charge to all lot owners.

To see the lots that are posted on the WBPOA website, go to the [White Bluff Resort Lots For Sale](#) webpage. Undeveloped White Bluff Resort lots currently for sale are posted there, sorted from most expensive to least expensive. Address, golf course / lakeview notation when applicable, acres, price and location are included along with contact information.

To post your lot for sale, go to the [Lot Postings](#) webpage and fill out the form on that page. You will receive an email back once your lot has been posted.
