RE: Electronic Proxy

If your email address is in FSR's database and you have not yet granted your Proxy to the Board, you should have received an email from "ivotehoa.com" that will allow you to grant your Proxy electronically. The email gives you your code number. All you have to do is write down the number, click on the link, enter the number you wrote down along with some simple information and go to the next screen to grant your Proxy. It takes only a couple of minutes and you're done!

If you did not get the email from "ivotehoa.com" that means your email is not in FSR's database or that you have already granted your Proxy to us. Receiving emails from the POA (like this one) means you are in the POA's Constant Contact email database but not necessarily FSR's.

Even if this is the case you can still grant your Proxy electronically. Call the POA office (254-694-WBPO), and our staff will be happy to assist you. Or, you can simply return the physical Proxy in the pre-paid envelope you recently received. Either way we need your help to **Finish The Job!**
