TO: White Bluff Property Owners
FROM: Jim Fletcher, Board Member
RE: Proxy Phone Campaign

Your Board needs you to help us **Finish The Job!**

We need volunteers to make phone calls to property owners who have not yet submitted their proxies. We want them to be aware of everything the POA is doing to

- Acquire the amenities,
- Refurbish POA properties,
- Chart our own future by making the rules that govern White Bluff, and
- Increase property values for all property owners.

There are no special skills needed, just the ability to sincerely explain to a property owner what their proxy can mean to the future of White Bluff. Volunteers will be given a sheet of talking points, a list of property owners to call, and you can make your calls at your convenience. You will be asked to attend a short orientation meeting.

This community effort is absolutely vital, and your help is needed. The Annual Meeting is almost upon us, and we need to

- Establish a quorum,
- Elect three Directors to fill expiring terms, and
- Defeat any attempt by the developer to put Double Diamond people on the Board.

If you're willing to help the Board **Finish The Job,**
Please call the POA office at 254-694-WBPO and volunteer,
Stop by the POA office across from the WB entrance and volunteer, or
Email me at fletcher73@windstream.net

Thanks in advance for assisting us in this vital effort! **We're closer than ever to Making White Bluff Great Again!**
