TO: White Bluff Property Owners
FROM: Your Board of Directors
Leonard Critcher, President
RE: Interim Golf Arrangements

Your Board has made arrangements with the Lake Whitney Country Club for any White Bluff property owner to play golf at the Lake Whitney Country Club at no cost. The POA will absorb the expense.

Any property owner wishing to take advantage of this arrangement will need to show a valid form of personal identification (example- Drivers License) and your White Bluff Membership Card. This arrangement obviously does not apply to any guests of property owners.

This arrangement will continue until which time Mike Ward chooses to re-open the course(s) to property owners but no longer than the date of scheduled Mediation on May 15th. If the course(s) re-open prior to May 15th, this arrangement will cease immediately.

None of us wants to see our beautiful courses destroyed at the whim of Mike Ward, and we hope that he will take the High Road. We again offer to do this until and through Mediation on May 15th. In the meantime, your Board hopes this arrangement will be an indication of our appreciation for all the support being expressed by our property owners.
