TO: White Bluff Property Owners

RE: Pool Openings

We apologize about the confusion from some property owners regarding the number of people allowed at the pools after they open today. The previous numbers were specifically the allowed numbers for the pool area, not in the pool itself. The numbers previously communicated are again specified below, and they reference the **total number of people inside the fenced pool areas**:

Ash Pool- 15

Waterfall Pool- 15

Cascade Pool- 30

Rustic Pool- 15

Again, these numbers must be adhered to and at this point will be self-monitored by those at the pools. If property owners choose not to comply with government and White Bluff stipulations we will close the pools. This is not about the desires or opinions of a few and how these rules affect them. It is about complying with government regulations and most importantly the welfare of us all.

In addition to the above, each Pool will be closed one day per week for maintenance and additional Sanitation.

Pool Closings:

Ash - Monday

Waterfall - Tuesday

Cascade - Wednesday

Rustic - Thursday
