

May 22, 2018

TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: POA Annual Meeting

Last Saturday's Annual Meeting was very well attended with well over 500 in attendance. A quorum was easily established. POA President Leonard Critcher began the meeting with detailed remarks that contained information most all property owners will find informative and of great interest. He details the extensive negotiations with Double Diamond relative to acquisition of the amenities and also presented current and future plans for the resort. His remarks can be found on the website. Go to <https://www.whitebluffpoa.com/past-meetings.html> then click on "President's Remarks" for the May 19, 2018 Annual Meeting.

The CPA firm, Timothy, Devolt & Company, conducted the election, and three Directors were elected to new, three-year terms. The non-certified results are:

Leonard Critcher  
Jim Fletcher  
Joe Manders

**The certified results are delayed until next week and will be communicated, inclusive of vote count, at that time. Sam Timothy, CPA (Timothy, DeVolt & Company) will certify the results personally but will not return from vacation until next week. Because of Double Diamond's attempts at having last year's election overturned in the courts, the Board felt it prudent to have Mr. Timothy personally involved in the process.**

The entire meeting was recorded, and our property owners will be notified when the recording has been posted on the website.

Your Board wishes to thank all who participated in making this year's meeting a success.
