TO: White Bluff Property Owners

FROM: Your Board of Directors

RE: Golf Drive Mail Center

This is to notify all property owners, who use the Mail Center on Golf Drive, that Double Diamond has had the electricity turned off without any notice. This property is owned by Double Diamond.

POA General Manager, Duane Dauphin, has received several calls from property owners who are concerned that the Mail Center has no lighting. Duane called Double Diamond to express the concerns and was told that property owners would need to get their mail before dark; they were not reconnecting the electricity.

This communication is being sent for the safety of our property owners. A sign notifying property owners of the lack of lighting will be posted at the Mail Center.
