Great News. In a hearing today in Austin, Texas the Administrative Law Judge suspended Double Diamond Utilities amended rate increase for 265 days. Although the near 40% amended rate increase was scheduled to be implemented June 1, 2017, your committee along with Joe Freeland, of Freeland and Matthews, and Nelisa Heddin, of Heddin Consulting, LLC, have prevailed in this matter. Next on the agenda is Double Diamond Utilities direct testimony scheduled for July 21, 2017. It ought to be quite a show. Stay tuned.

Your committee would like to thank all of you who have contributed so generously to this cause. If not for you, every ratepayer would be paying substantially more for utility services well in advance of the matter being resolved. Your continued support is also necessary. At the beginning of this endeavor the WBRP Committee stated and asked that if every Rate Payer, over 900 of you, would just contribute \$100 we would have enough money to fund this effort. Especially, with the generous help of the WBPOA agreeing to match contributed funds up to a limit. If you have not yet contributed or would just like to help out again, you can send your \$100 contribution to WBRP, PO Box 37, Whitney, Texas 76692. Keep in mind, with today's action in Austin you probably saved three times that amount.
