TO: White Bluff Property Owners  
FROM: Your Board of Directors  
Leonard Critcher, President  
RE: Being Held Hostage by Mike Ward

Just when we thought Mike Ward might be willing to cooperate in a civil and constructive manner as we move forward in re-creating The White Bluff Dream, he stoops to a childish act of spitefulness.

Mike Ward/Double Diamond requested we furnish them copies of all of **our proxies** granted to us. Because of **privacy issues and Texas state law**, we refused. He is contending that the POA Board cast fraudulent votes. He forgets that an independent CPA firm conducted the election and certified the results.

Fast forward to post 2017 Annual Meeting- The White Bluff community has come together with a common purpose, and all property owners anticipate the on-going fulfillment of the Board's plan to make White Bluff Great Again.

Perhaps Mike Ward can't simply disagree without being disagreeable. Maybe he can't stand it when property owners stand together and vote in a pro-POA slate of six Directors by a two to one margin. Maybe he is angry because the POA won a Temporary Restraining Order against his illegally attempted called meeting. Maybe he is not happy that a District Judge forced him to release and turn over POA money along with POA database and billing information. Maybe he can't get over the fact that he no longer controls \$6,000,000 of your money. Maybe he's incensed that a District Judge stripped him of his dictatorial powers. Maybe he's just a vindictive, angry man who wants to punish instead of cooperate and work in unison.

Who knows what drives a man to react in an immature and irrational way? But to deny a community the right to celebrate the birth of our nation is beyond belief. It's certainly not the money. He had already refused to pay the half of the costs he normally does, and in response the POA agreed to pay 100% of the cost of the fireworks.

This blessed country of ours was founded on precepts that are based on liberty and freedom from tyrants dictating their own will. Your Board will never back down from a bully. Your Board will continue the fight for controlling our own destiny and will never be deterred by threats, innuendoes, intimidation and deceit. The sooner Mike Ward understands this, the sooner we can get on with the business at hand.

And, to all property owners- when the sun sets on July 1<sup>st</sup> and communities and individuals all over our country are celebrating our freedom, think about the character of a man who would deny such a celebration. A Double Diamond executive was once overheard saying, "The peasants are restless." No, Mike, the

peasants are not restless. We sleep well at night knowing our course is just and we are in control of our own destiny. Whether one believes in Karma or not, it is a certainty that what goes around comes around.
