TO: White Bluff Homeowners
RE: Lighthouse Restaurant Deck

Let's knock this out tomorrow!

Volunteers have already cleared and hauled off the multitude of hanging branches on the deck, power-washed all of the new wood and railings and have begun staining.

Let's show our community spirit and help get the job done tomorrow! Tomorrow is supposed to be significantly cooler so show up at 8:00 with a 2" brush, a plastic container (Cool Whip size) for stain and a cloth for personal cleanup.

Those who have already given so generously of their time are unanimous in how much they have thoroughly enjoyed the fellowship, making new friends and making a great contribution to this amenity. Be pro-active and join us tomorrow.
