TO: White Bluff Property Owners
RE: Independence Day Celebration

The decision has been made to cancel all previously communicated festivities associated with July 3rd. The fireworks display will be postponed to a future date.

The current situation dictates that we do everything we can to mitigate any further exposure of the COVID 19 virus to our property owners and guests.

The WB Voluntary Fire Department will not be serving food. We ask that all property owners consider making a contribution to this incredible group of volunteers. The VFD depends on events like this to monetarily supplement their financial needs. Contributions can be dropped off at the VFD facility or given to any of the dedicated VFD people who serve our community so unselfishly.
