TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: Independence Day Celebration

The 4<sup>th</sup> of July Celebration held yesterday was a huge success with almost 400 in attendance. The celebration was blessed with a partial cloud cover, a mild breeze, a short but cooling shower and a double rainbow that stretched over the festivities from horizon to horizon!

The Volunteer Fire Department served well over 300 hamburgers, a large number of brisket sandwiches, and hot dogs, nachos galore, soft drinks and ice cream. These Guardians of White Bluff NETTED over \$7,300 from the sale of food and generous donations made by so many.

Henry and his singers provided music and entertainment, and the children loved their glow sticks provided by the POA.

The golf cart parade was a huge success thanks to the efforts of Reba and Mike Miller who orchestrated this event and made it a fun addition to the festivities. Event Chairman Mary Tullie Critcher and Co-Chairman Rhonda Bass did an incredible job of not only organizing but decorating with tons of red, white, and blue! Hopefully, next year's event will be even bigger and better with the planned renewal of the traditional fireworks display.

All property owners should be aware that pending closing of the Asset Purchase Agreement and final acquisition of the amenities, the POA will have a magnificent fireworks display and party on Labor Day. More to come!

This celebration marked a turning point of tangible anticipation of the future for all property owners. Plans are being made for the restoration of facilities that will begin as soon as we have possession. Your Board wishes to thank the countless number of property owners for offers of personal, voluntary involvement in this process of Making White Bluff Great Again!
