RE: Proposed Rate Increases for Water & Sewage

You have received notification from Double Diamond Utilities Company that it has filed a request with the Public Utility Commission of Texas for a dramatic increase in rates for water and sewage services. In the mailed correspondence there was a detailed rendering of how this increase will affect the rates you pay.

The proposed increase will be effective October 1, 2016. If you disagree with this proposed increase it is vital that you complete the Ratepayer Protest form included in the mailing and mail it immediately. **NOTE that the form indicates that you should mail the original and 10 copies. In order to schedule, a hearing 10% of ratepayers must file this form.**

Please address this with urgency. I will also be working to establish a special Ad Hoc Committee to assist in efforts to contest and protest this increase. If you are interested in serving on this committee please email me- leonard @critcher.com
