WBPOA Director and Board Liaison for Long Term Planning

RE: Long Term Planning Committee

During the August 18 WBPOA meeting, I mentioned the formation of a "Working Group" to tackle the issues of long term planning for the White Bluff Community.

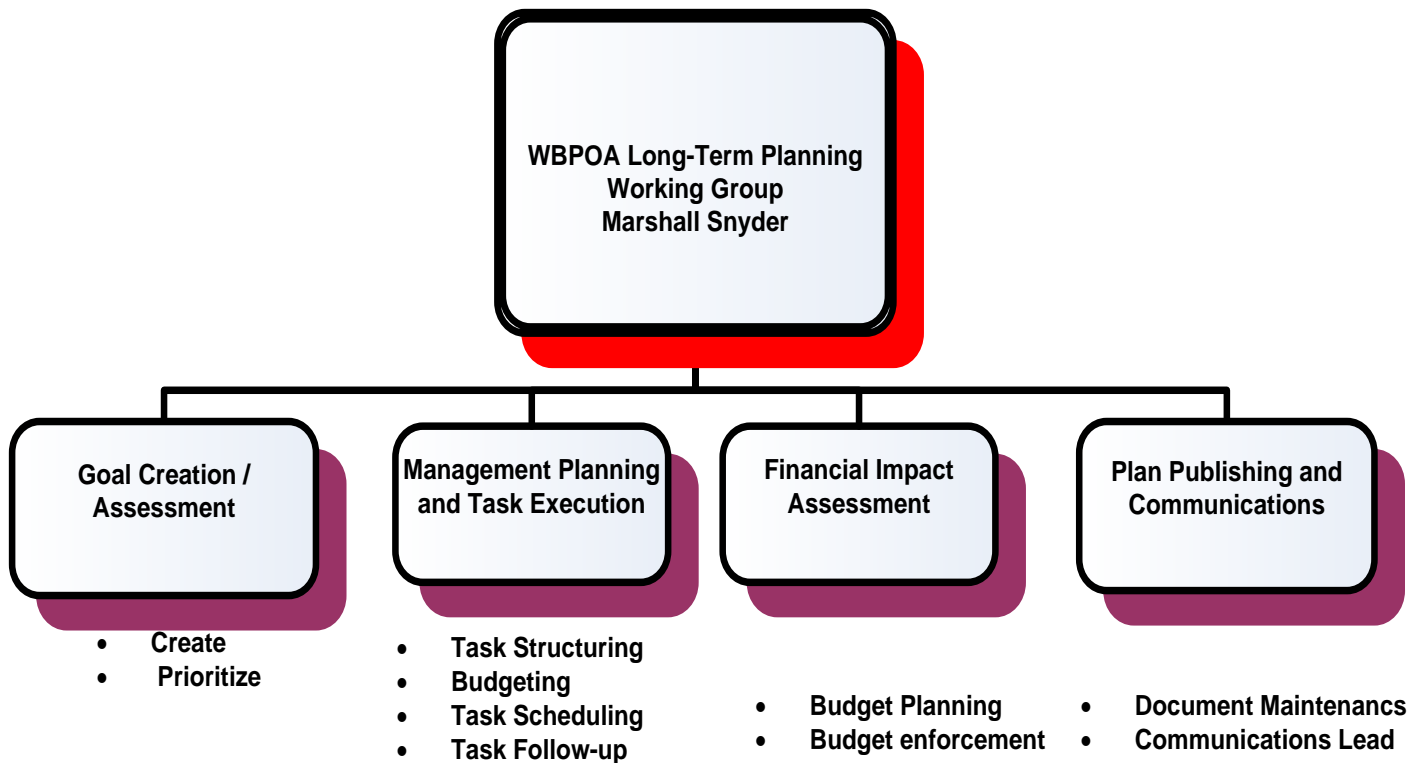

In order to follow up on that discussion, this communication presents the Organization (see below) that I have formulated to work on a long term plan that will be used as a roadmap to guide our path forward. By design, the plan will start with previous results of WB community surveys and build on that baseline with a fresh look given to today's current economic environment. An annual review of this plan will be a continuation of measuring progress and ensuring that the budget process is linked to the community spending priorities.

Given the above, I am asking for volunteers to populate this Organization. I ask that any White Bluff Property Owner, who is interested in participating in this planning process, to send me their contact information so that we can discuss roles and responsibilities of the Group and each person's level of participation toward achieving our stated goals.

I look forward to hearing from many of you and engaging on this important community mission.

My contact information is Marshall Snyder, 254-694-4881, e-mail, marsh.snyder.ms@gmail.com
