TO: White Bluff Property Owners
RE: Labor Day Fireworks Display

We're all set and ready to go with a spectacular fireworks display on Saturday night! The skies will be lighted up beginning at 8:45.

Please plan to view the fireworks from your car, golf cart or ATV and plan on staying inside your vehicle. If you leave your vehicle, wearing a mask is required. You may also view the fireworks from the Lighthouse Restaurant Deck or Lighthouse Restaurant parking lot. No alcohol of any kind is permitted on the deck or the parking lot. Social distancing and masks are required on the deck.

The WB Volunteer Fire Department will be selling hot dogs, hamburgers, chips and drinks in the Lone Star Room parking lot. The parking lot will be accessible only for those who wish to drive through, make an order from their vehicle, and have it delivered to their vehicle. The VFD volunteers have organized this fund raising effort in a way to address all safety protocols while you enjoy traditional Labor Day food while supporting these wonderful and unselfish volunteers. Even if you don't want to savor the grilled fare, drive through and give them a donation!

We are depending on each property owner and any guests to adhere to the prescribed protocols so we can all stay safe and keep others safe while enjoying the fireworks spectacle provided by your POA.
