TO: White Bluff Property Owners  
FROM: Your Board of Directors  
Leonard Critcher, President  
RE: Hearing in Justice of the Peace Court

The scheduled hearing in the JP Court was held this morning with Justice of the Peace Shane Brassell presiding. Justice of the Peace, Martis Ward had recused himself.

After hearing arguments from the Plaintiffs, Double Diamond, and the Defendants, the White Bluff POA, as well as sworn testimony from Mike Ward and POA Board VP, John Bass, Judge Brassell called for a brief recess while he considered the evidence.

Judge Brassell reconvened the proceedings at 10:30 AM. He ruled in favor of the WBPOA, effectively abating the Plaintiff's filing that would have required the POA to release copies of all proxies to Double Diamond. Attorneys' Fees were also awarded to the WBPOA.

Your Board is very pleased with this outcome and the support we have received as we proceed on our prescribed and planned course of action toward resolution.
