TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: Closing on Amenities

POA attorneys notified the Board that the issues that arose today have all been resolved; however, time simply ran out before funding could be done. We fully expect for everything to be finalized Monday morning.

This has been a long, tedious and complicated process. We appreciate the patience of our property owners. Monday will be here before we know it, and the delay will not affect the schedule for beginning the renovations.
