TO: White Bluff Property Owners
FROM: Jay Elder, Board Liaison for Greens Committee
RE: Golf Courses!

And, the work has begun! Newly constructed temporary greens have been installed and are growing to get ready for play late next month.

Scroll down to see some pictures of the crew beginning work on the greens and sand traps. There is a crispness in the Fall air and incredible excitement about seeing this actually happening. Many, many thanks to the hardworking Greens Committee for their work in formulating a detailed plan to make White Bluff's golf courses better than ever!

As an aside, work on renovating the condos is well underway, the Administration Building has been thoroughly cleaned by our Volunteers Committee, and as soon as the technology is properly installed the POA administrative team will move into the building. New plans for renovation and opening of The Trophy Grill are moving right along, and the exterior will get a new facelift as soon as we get some dry weather! The safety issues at the Lighthouse deck are being addressed, and the log cabins are getting needed attention.

The Board and our numerous committees are working hard to bring our resort back better than ever! Activity is everywhere, and the Volunteers Committee will need even more volunteers to help with all that is ahead. If you can help clean, paint, or dig, contact Travis Bryan- travis.bryan831@gmail.com.
