TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: Need for Expertise!

As we continue preparations for the opening of certain amenities, we need property owner volunteers to serve on a newly formed committee- The Technology Committee.

Specifically, this committee will be charged with making recommendations to the Board for the following needs:

Integrated Point of Sale software for  
    The Golf Courses  
    The Trophy Grill  
    The Lighthouse Restaurant and Bar  
    Lodging facilities

Property Owner Identification Cards with scanning capabilities of identifying property owners with delinquent accounts.

Other software technology needs.

Members of this committee obviously must have technology expertise. As soon as the committee is established and a Chairperson is in place, members of the committee must be available to begin work immediately.

Property owners with expertise in this area who are willing to serve on the Technology Committee should contact Board President, Leonard Critcher- [leonard@critcher.com](mailto:leonard@critcher.com).
