TO: White Bluff Property Owners
FROM: Jay Elder, POA Board Liaison for Greens Committee
RE: Opening of New Course

I am pleased to inform our property owners that The New Course will open on Tuesday, December 18th.

Golfers should be aware of a few things during this transition time.

First, you will be playing on temporary greens while the permanent greens are being planted.

Second, work on the course will continue while play is allowed. We want the staff working without interruption so you might be asked to bypass a hole if construction is present.

Third, there will be limited service available in the pro shop. It will be staffed with someone to check in golfers and take payment. Limited snacks and drinks will be available for purchase. Golfers are not allowed to take their own food or beverages on the course.

Fourth, we will announce in a subsequent email communication when and how golfers may make tee times.

Fifth, green fees, golf cart rental and range balls will be available at a reduced rate of \$18 for property owners, \$24 for guests accompanied by a property owner, and \$28 for non-property owners not accompanied by a property owner. The traditional "Comp Rounds" will not be reinstated until the courses are ready for full play. In the interim, property owners will be charged less than they previously paid for a cart when using a comp round.

We are excited about this important step in the restoration of our courses and appreciate all of the hard work of our professional staff and the Greens Committee. See you on the links!
