TO: White Bluff Property Owners

FROM: Your Board of Directors

RE: Golf Courses

It has been reported to the Board that property owners have been riding their golf carts on the fairways. It has also been reported that some property owners are using our fairways for “off-roading” in their ATVs.

Neither golf carts nor ATVs should be ridden on the fairways. As you are aware these fairways were damaged extensively when they were left to go to fallow. Our Interim Golf Course Superintendent and our new Superintendent have been working non-stop for months to repair and prepare the fairways. The fairways on both courses are at a crucial stage in their restoration, and any motorized traffic on them will cause further delays in bringing our courses back as well as possible irreparable harm.

Do not ride any golf cart or ATV on the fairways. If you see someone doing so, please ask them to stop or call Security immediately.
