TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: Log Cabins, Condos and Trophy Grill

Your Board is pleased to inform our property owners that the three Log Cabins are now available for rental. Each cabin has two Queen beds (brand new!), a single bed (brand new!) and foldout sofa bed, full kitchen and one bath. There is still some work to do on the outside, but this will not prevent our property owners from enjoying having a clean, freshly renovated and reasonably priced facility for a weekend, or longer.

The Introductory Rental Cost is \$125 per night for property owners and \$150 per night for non-property owners. Reservations may be made through the POA office-254-694-WBPO.

Renovations on the Bluff Point Condos (across from the Old Course Pro Shop) are nearing completion. As soon as they are available for rental, we will announce their availability.

Renovations of the Trophy Grill began on Monday. All of the equipment in the kitchen has been removed, and the entire area was scrubbed and sanitized by a professional crew. Plumbing was relocated for the reconfigurations being made, and new equipment has been ordered. The dining area and bar are getting a complete makeover, and the frame of the new Bar Back has been installed. Plans include renovations on both restrooms as well as few other surprises!

2019 is going to be a great year for White Bluff!
