RE: Updates

#### Golf Courses

Work on the greens and sand traps is continuing, and the crew will move to the Old Course 01/07/2019. Most all of the renovated greens on the New Course have been covered in preparation for planting in the spring. A few greens and sand bunkers are still being worked on the New Course.

The New Course had its much anticipated opening Tuesday with over 50 golfers teeing off. It was a beautiful day for golf, and everyone enjoyed the inaugural kickoff. Tee times can be reserved by calling the New Course Pro Shop- 254-694-3610. Golfers, remember play on the New Course is cart path only!
