TO: White Bluff Property Owners  
FROM: Your Board of Directors  
RE: New White Bluff Website

We are excited to announce that [www.whitebluffresort.com](http://www.whitebluffresort.com) is live!

This new and professionally developed website is an integral part of the Board's carefully crafted plan for White Bluff. It is far more comprehensive than the previous version, which was primarily geared toward the promotion of golf.

This is primarily a "marketing website" designed to attract people from all over the Metroplex to our wonderful resort. The website will definitely evolve as we are able to add additional White Bluff Lifestyle pictures once we are able to socialize together again.

You should also note that you can now get a detailed and updated rendering of the menu at Mulligan's. This will soon be expanded to allow you and our guests to order and pre-pay on line. Many thanks to homeowner Len Critcher for his continued generosity in donating and installing the software for the menu link as well as donating his time to train our staff on its use.

This is another example of how the Board's plan is systematically unfolding. We are well on our way to becoming the premier venue of choice.
