

To: All Property Owners

From: Bill Finney, General Manager

Mike Hicks, PGA Director of Golf

Michael Shelton, Director of Agronomy

Due to the anticipation of the incoming weather front, the Golf Courses will be closed beginning Wednesday, February 10 and will remain closed until the threat of freezing temperatures has passed.

We will begin covering the greens on the Old Course on Tuesday and the greens on the New Course on Wednesday.

This will ensure our greens are protected from the freeze.

These time frames are subject to change, as the weather often does, we will keep you updated.
