TO: White Bluff Property Owners

FROM: Your Board of Directors

RE: www.whitebluffpoa.com

At last Saturday's Town Hall Meeting it was suggested that the above POA informational website be updated and improved. We agree and are requesting your assistance.

The present website was developed shortly after we broke away from Double Diamond management and, quite frankly, evolved as needs occurred. It is time to step back and take a new and fresh approach based on your needs.

We are asking that you give your input on what you would like to see on the site as well as how we can make it more user friendly. Our website programmer is ready to begin work on an overhaul, and we want to make sure that we can get information to all of our property owners in a way that is simpler to navigate and contains the information you desire.

Please email your suggestions to leonard@critcher.com.

If you have website experience and would be willing to assist in this endeavor, please email to the above.

Just a reminder that we have a recently released resort website, www.whitebluffresort.com. This site is for the promotion of our resort and does not deal with POA information and business. Additionally, on this website you can make tee times, see weekly specials and the menu at Mulligan's and place orders on-line.
