TO: White Bluff Property Owners
FROM: Your Board of Directors
RE: WB Visitors Brochure

This week you will see the new White Bluff Visitors Brochure available at many of our amenities. This brochure will give our guests a detailed overview of the resort with wonderful visuals of the amenities and something they can pass on to others.

Many thanks to Terry Boyer and her committee for taking on this project and designing what will be an integral part of our marketing plan.

Terry and her committee also have spent countless hours preparing a new Welcome Packet. All new homeowners will receive this incredibly detailed packet of information about the resort and a myriad of other things that will make their transition infinitely easier.

Property owners can download a copy from the POA website, www.whitebluffpoa.com under Documents.

Thanks again to Terry, Charles and the committee for all your hard work.
