RE: Golf Course Schedules
September 30, 2021

We are happy to announce that we have made tremendous progress on our greens project. The Golf Course team has worked diligently for the past month, specifically to repair and improve our greens from the February freeze damage. We are returning to our normal operating days for both Golf courses on Friday, October 1.

Old Course Open: Friday, Saturday, Sunday, Monday, Tuesday

New Course Open: Friday, Saturday, Sunday, Wednesday, Thursday

Thank you for your cooperation while we made these improvements. The greens will continue to progress while we still have warm weather.
