TO: All Property Owners  
FROM: Bill Finney, General Manager  
SUBJECT: Water Pressure at White Bluff

Due to the extreme draught conditions, there has been a problem with water pressure throughout the community.

The pressure issue is partially due to the fact that the majority of our Property Owners irrigate their lawns on Mondays, Wednesdays, and Fridays. If we could encourage watering on alternate days, this would alleviate some of the drain on the wells.

We appreciate all that you do to help your fellow neighbors get through these extreme temperatures and help conserve water.
